SWEEPING REDUCTION IN FREIGHT RATES MADE

BY THE INTERSTATE COM. COMMISSION EFFECTIVE JULY 1

COMMISSION ALSO ANNOUNCED RATES WOULD BE BASED ON 5% RETURN

FREIGHT RATE INCREASES OF AUG. 25, 1920, CUT NEARLY IN HALF, IT IS ANNOUNCED

(By United Press.) Washington, May 24.—A sweeping reduction in freight rates throughout the country was ordered today by the interstate commerce commission. Reductions are to be effective July 1.

The reductions ordered will cut the present rates about ten per cent, the decision of the commission states.

The commission called on the carriers to notify it by May 31 whether the rate reduction prescribed will be carried into effect without a formal order by the commission.

The commission also declared today that railroad rates in the future would be based on a return of five and three-fourths per cent on the aggregate values of the lines as compared with six per cent under the Esch-Cummins law. The provisions of the Esch-Cummins law recently expired and the commission is given the right to fix a new rate of return.

In making the reductions, the commission cut nearly in half the freight rate increases authorized August 25, 1920.

In the eastern district the forty per cent increase of August 25, 1920, was cut to 26 per cent.

In the western district the previous 35 per cent increase was cut to 21 1/2 per cent.

The announcement of the rate cut today came as a surprise. It had been supposed that the administration would continue its efforts to reach a voluntary agreement with the railroad executives by which greater rate reductions could be put into effect at once.

The commission declared that cuts put into effect on interstate freight rates would not decrease the earnings of the railroads below the 5% per cent level agreed by the commission.

Electric Roads Not Affected
The commission said it was impossible to make findings respecting electric roads as a whole, and therefore held that its ruling should apply to all roads "other than electric lines not operated as a part of the steam railroad system."

The rate cuts do not apply to milk and cream "when the revenue from the transportation thereof is not included in freight revenue."

The ten per cent reductions ordered today will not be placed on top of recent reductions of 10 to 15 per cent ordered in the so-called western grain and livestock and the southern hardwood lumber cases. These previous reductions, however, will stand.

Marked Improvement in Business Expected

Chicago, May 24.—"Marked improvement" in business which is already on the upgrade will result from the ten per cent decrease in freight rates ordered today by the Interstate Commerce commission, leading Chicago businessmen declared today.

"The reductions in freight rates will stimulate business," said J. E. White, vice president of Armour & Company.

"It is a move in the right direction because it not only aids in the reducing of cost of distribution, but it also is a step toward restoration of normal and equitable rates on raw and finished products which were completely thrown out of joint during the war."

"The reductions should be beneficial to the public."

Coal Rates Reduced 13 Per Cent

St. Paul, May 24.—The cut in coal and merchandise freight rates in Minnesota will amount to about 13 per cent, according to O. P. B. Jacobson, state railroad and warehouse commissioner, today.

He was unable to say off hand how much of a total saving this would mean to shippers.

"As far as rates on grain and livestock are concerned," he added, "there

Woodmen of World Greet Sovereign Commander

CAPTURE BIG MOONSHINE STILL IN ST. PAUL

(By United Press.) St. Paul, May 24.—Capture of a moonshine plant capable of turning out 320 gallons a day and raids on five soft drink bars that were selling liquor, inaugurated a new drive by the combined federal and county forces Tuesday.

Deputy Sheriff Antony Winicke single handed arrested three men charged with operating stills in a barn on White Bear road with greater total capacity than any plant yet discovered in this vicinity.

FIVE MEN KILLED BY GAS IN SEWER AT MILWAUKEE

IN ATTEMPTING TO RESCUE WORKMEN WHO ARE OVERCOME BY THE GAS

(By United Press.) Milwaukee, May 24.—While trying to save two workers who had been overcome in a gas pocket of a sewer pipe ditch here today, five men are dead and two others near death.

A call to the rescue squad of the fire department was received when three workmen had gone down the shaft and did not return. Gas masks used by the firemen gave little protection and they made little headway.

The first two firemen to make the descent are believed to have met almost instant death after fighting the gas fumes when they attempted to cut the bodies of the workmen from a high tension wire.

Gas is an accumulation natural to underground passages, officials of the construction company said. Its formation was attributed to the failure of pumps to function over night.

Other workmen then summoned the rescue squad of the fire department who with gas masks went down the shaft.

Two of the firemen did not return and more went down to their rescue and finally succeeded in bringing the bodies to the surface. They were rushed to an emergency hospital where five were pronounced dead on entrance and two others not expected to live.

START ROUND THE WORLD FLIGHT

(By United Press.) Croydon, England, May 24.—T. T. Blake, British airman, today started on his flight around the world. Blake left Croydon air-drome at 3:08 this p. m. Major Blake was accompanied by Captain Norman MacMillan and Lieut. Col. L. E. Broome, who will act as alternate pilots.

The airman took off in a De Havilland 9 and started directly for Paris where a brief stop will be made.

They will then start for Lyons, at which city they expect to spend the night.

Reaches Paris

Paris, May 24.—Major W. T. Blake, British airman who started from Croydon this afternoon on a flight around the world, arrived here at 6:12 p. m., making a safe landing at Le Bourget air-drome.

The next jump will be to Lyons and thence to Rome.

is in fact no new reduction. On January 1 a new schedule of rates became effective under which grain and livestock rates were reduced about 20 per cent. This schedule was to continue until July 1.

"All the present order means is the continuance of these rates after that date until another order is issued."

"If the present order had not been made, the rates would have gone back on July 1 to the old figure, about 20 per cent higher than they are now."

SEN. WATSON MAKES KEYNOTE SPEECH OF G. O. P. CAMPAIGN

MAKES IT CLEAR REPUBLICANS WILL CONDUCT AGGRESSIVE FIGHT FOR CONGRESS

ADMINISTRATION NEEDS NO APOLOGIST, BUT SOMEONE TO TELL OF ACCOMPLISHMENTS

By FRED G. JOHNSTON (United Press Staff Correspondent.) Indianapolis, Ind., May 24.—Predictions that a soldier bonus bill will be enacted at this session of congress; that railroad rates soon will be reduced and that the tax burden will be lightened next year were made here today by Senator Watson, Indiana, as administration senate leader, in a speech generally accepted as the "key-note" of the republican congressional campaigns this fall.

Watson's speech was before the republican state convention of Indiana, but national significance was attached to it, because the senator is understood to have discussed it thoroughly last week with President Harding in Washington.

In an emphatic manner, the senator made it clear the republicans will conduct an aggressive campaign, declaring the administration will stand on its record. He asserted that the administration does not need an apologist, but only someone to tell of its accomplishments.

Watson directed a vitriolic attack on the last administration making comparisons between that he called "democratic waste, extravagance and incompetency," and "republican economy and efficiency since March 4, 1921."

He endorsed the ship subsidy, praised the pending tariff bill, predicted the republicans are leading the country back to more prosperous business conditions and conservative Americanism, and asked united party support of Albrecht J. Beveridge, recently nominated for senator over Harry New.

Unusual importance is attached to Watson's statements regarding the bonus, because of his recent conference on the matter with President Harding. He clearly indicated he believes Harding will sign the bill passed by congress and that it finally will be paid out of allied debt bonds.

"The house," the senator said, "has already passed an act to pay a bonus to soldiers of the world war, and I have no doubt that in some form or other it will find its way through the senate and become a law before the close of this session of congress."

"I cannot now say just what the provisions of this act will be, because they are subject to considerations by the president and members of the finance committee, but I am quite sure they will involve no additional taxation and that finally they will be paid by use of the bonds of our debtor nations."

"The reduction in freight rates is due 'at almost any time,' Watson said.

"I can say to you with something of assurance that another reduction in rates is imminent," he stated. "It is likely to occur almost any time."

The senator's prediction of lower taxes next year was made after he asserted that the tax burden under the law recently enacted by congress was decreased \$1,300,000,000. He also predicted early enactment of the sales tax, as a permanent feature of the national taxation plan.

Watson warmly defended the pending tariff bill against democratic assaults declaring it will insure American workmen the wages due them and will not let the "pauper labor" of Europe compete unfavorably against American workers and farmers.

He said this administration has made good on its promise to have less government in business.

"The new freedom preached by Woodrow Wilson was a grotesque travesty on the very name, while the enfranchisement of business under

DAUGHERTY WON'T ARGUE WITH CARAWAY ON MORSE CHARGES

(By United Press.) Washington, May 24.—Administration leaders now hope to answer effectively the charges made by Senator Caraway against Attorney General Daugherty by getting prosecutions of alleged war grafters under way at once.

It is probable that the first of the war graft cases to be acted upon since the department of justice was charged by Reps. Johnson of South Dakota, and Woodruff of Michigan, with laxity, will be placed before a federal grand jury here next week.

Attorney General Daugherty is understood to be giving personal attention to the war fraud cases and so far has failed to find a special attorney to take charge of this work. Daugherty, last night in his first statement on the charges of Caraway that the attorney general was a party to a contract under which he was to receive \$25,000 for obtaining the pardon of Charles Morse in 1912, indicated he did not intend to carry on any debate over the matter with the senator.

Senators Being Shadowed

Washington, May 24.—Attorney General Daugherty has ordered secret service men to shadow senators as-sailing him, Senator Caraway, of Arkansas, charged today in renewing his attack on Daugherty in connection with the release of Charles W. Morse from Atlanta penitentiary and the prosecution of war fraud cases.

"If the attorney general holds vindication as he said he does," said Caraway, "and is willing to have an investigation, I'll furnish the name of a witness who can tell how Daugherty is having senators as well as house members shadowed by secret service men."

GENERAL WOOD AND FAMILY ON BOAT IN A RAGING TYPHOON

ALARM AT THEIR SAFETY IS FELT AS ATTEMPTS TO GET IN TOUCH WITH HIM HAS FAILED

(By United Press.) Washington, May 24.—No word had been received by the war department here today regarding General Leonard Wood, governor general of the Philippines and his wife and daughter who were reported to be aboard a yacht in the region of a typhoon raging off the coast of the Philippines.

An attempt to get in touch with the vessel by wireless proved futile.

Wood, his wife and daughter sailed for Mindoro Saturday where the general planned a brief tour of inspection.

COUNTRY GIRL BETRAYS HER SWEETHEART TO POLICE FOR ROBBERY

(By United Press.) Minneapolis, May 24.—"They cheated me." That was the reason given by a 20-year-old country girl today for betrayal of her sweetheart and another man and woman accused of half a hundred robberies in the Twin Cities recently.

In the city jail were Michael Haver, Patrick Souree and Hilda Anderson. They were arrested on information furnished by the girl who said they had planned the robbery of the Washington avenue bank.

"I bought a car with my savings and then they took it away from me. I played their game until they cheated me."

The woman in the cell was silent. "I wouldn't rather die than betray my sweetheart," she said.

The girl who betrayed the trio is free and police will not divulge her name.

Woman Given Work House Sentence for Driving Car While Drunk

(By United Press.) Minneapolis, May 24.—A woman was fined \$10 and sent to the workhouse for 90 days today for driving an automobile while drunk.

It was the first time a woman had been brought into police court on that charge.

The woman, Mrs. Agnes Penn, was arrested by Sergeant Martin Ginsberg on Sixth avenue north. Police recognized her as having been up before on a charge of drunkenness.

Authorities have declared a war on drunken motorists, and the sentence imposed on Mrs. Penn was an example.

WISCONSIN GOVERNOR ATTACKS FEDERAL RESERVE BANK SYSTEM

(By United Press.) Madison, Wis., May 24.—Governor Blaine today reopened his campaign against the present arrangement of the Federal Reserve Bank system in the opening meeting of the southwestern Wisconsin District Bankers in the assembly chamber of the capital today.

The Federal Reserve system gives no aid to the country banks which are thereby prevented from extending to the farmers the long time loans necessary to carry a man from crop to crop, the Wisconsin chief executive declared.

AGED COUPLE IS BURNED TO DEATH WHEN HOME BURNS

(By United Press.) Temple, Texas, May 24.—J. R. McFarland and his wife, both past 80 years of age, were burned to death today when fire destroyed their home south of here.

ROUNDUP OF SINN FEINERS FAILS TO CHECK TERRORISM

(By United Press.) Belfast, May 24.—Even the great roundup of the Sinn Feiners in which hundreds were taken to internment camps, failed to check the terrorism and secular strife in Belfast today.

Armed men rushed into the street this morning, halted a tram car, drove out the passengers, covered the car with oil and gasoline and ignited it. The tram was completely destroyed.

Six bombs were hurled in various parts of the Ulster capital, and there was considerable incendiary during the night.

L. GEORGE WILL PERSONALLY PRESENT GENOA CONFERENCE

REPORT TO PARLIAMENT AND ANSWER THE CRITICS OF HIS POLICIES

(By United Press.) London, May 24.—Premier Lloyd George will put his policies and accomplishments at Genoa to the test tomorrow.

The little Welchman has changed his plans, and agreed to open the debate on the international economic conference himself instead of waiting for rebuttal after his enemies attack. Lloyd George had planned to have Sir Laming Worthington Evans present the government's case and to answer interpellations himself.

This proposal met a storm of opposition from the laborites and liberal M. P.'s who wanted Lloyd George to speak first in order that they may have something tangible on which to hang their opposition. Political tricks of the premier are too well known to his opponents for them to consent to this arrangement. They announced they would wait on the subject until after hearing Lloyd George. The government therefore changed its plan, and Lloyd George will present the Genoa case personally.

The cabinet announced this change was made upon recommendations of the members of the cabinet and not because of the attitude of the opponents.

Mrs. Blizzard Testifies In Husband's Behalf In Treason Trial

(By United Press.) Charleston, West Virginia, May 24.—Mrs. William Blizzard today took the stand to defend her youthful husband from the charge of treason growing out of the march of armed miners on Logan county last summer.

Her testimony was designed to support the contention of the defense that Blizzard was home most of the time and that it was charged he lead he miners army.

Mrs. Blizzard gave numerous dates and some incidents concerning her husband and their two children to prove that Blizzard was at home and not on the fighting line during August.

Phillip Murray, vice-president of the United Mine Workers next took the stand and related the story of his organization's connection with the march.

WETS PICK FIVE STATE FOR SPECIAL ATTACK THIS FALL

(By United Press.) Milwaukee, May 24.—California, New Jersey, Ohio, Massachusetts and Wisconsin have been especially picked by the wets this year for an attack upon prohibition, declared Wayne B. Wheeler, legislative counsel for the Anti-saloon League, in an address before the law enforcement convention here today.

CLASS OF 100 WAS INITIATED AT THE BIG LODGE MEETING

OFFICIAL PARTY INCLUDED SOV- EREIGN COMMANDER FRAZIER, HEAD CLERK YATES

STATE MANAGER McFADDEN AND DISTRICT MANAGER FERNALD OF STAPLES

The official party of Woodmen of the World notables arrived in the city by automobile from Staples about 5 p. m. Tuesday.

Headed by Sovereign Commander W. A. Frazier and Head Clerk Yates of Omaha, Neb., there were added at Staples State Manager McFadden of St. Paul and District Manager T. C. Fernald of Staples.

At Brainerd on Tuesday night there was initiated a class of 100 candidates, which included forty novices from Brainerd and the rest from territory contiguous to Brainerd, being from Gray Eagle, St. Cloud, Little Falls, Staples, Crosby and Iron-ton and other range towns.

On Wednesday morning committees escorted the official party to Gull and other lakes showing them the finest locations for pike fishing.

Proposed sites in the vicinity of Brainerd were shown the national officers. The Woodmen of the World have under consideration the matter of establishing sanctuaries for aged members and others in different states.

SOLDIER BONUS BILL WILL BE REPORTED BY END OF WEEK

(By United Press.) Washington, May 24.—The soldier bonus bill will be reported to the senate by the end of the week as it stands if the finance committee can muster the strength to batter the objections of its opponents.

Bonus leaders are unwilling to wait longer for President Harding's guidance on the measure, they said today.

Senator McCumber, committee chairman, while declining to commit himself to a definite prediction, said he would "try to bring the measure again to the attention of the committee some time this week."

Committee Meeting Called

Washington, May 24.—Republican members of the senate finance committee today authorized Senator McCumber, chairman, to call a meeting of the full committee later this week for formal action on the soldier bonus bill.

ON TRIAL FOR KILLING POWERS

Dallas, Texas, May 25.—Driven to desperation and not knowing whether he had killed his wife or not, Dave Soderman, on trial here for the murder of Jay Clay Powers, appealed to lawyers at El Paso for assistance today before he killed Powers, V. C. Moore, El Paso attorney, testified today.

More stated Soderman entered his office ten days before the killing of Powers, and sobbed out the story of his domestic troubles.

"I thought I killed her—I meant to kill her—I hoped to kill her" was practically the first word Soderman spoke, according to Moore.

Moore said Soderman was insane.

MOTHER WITNESSES DEATH OF 3RD SON

Racine, Wis., May 24.—Returning from the cemetery where she had decorated the graves of two sons killed in a train wreck, Mrs. A. Carlson was compelled to witness the death of her third son, Richard, when his taxi crashed into the street car on which she was riding.

Carlson, the driver, was instantly killed, and his passenger, H. H. Atkinson, of Chicago, was injured.

BUSH HELPS YANKS TO VICTORY

Minnesota Boy Holds Browns Safe
While Teammates Win Over-
time Game

New York, May 24—Babe Ruth has
begun his belated 1922 home-run
campaign. His first circuit blow of
the season started the Yankees toward
a rally that tied the score and enab-
led them to win a stirring battle
with the St. Louis Browns in the
thirteenth, 4 to 3.

Camp Skinner, Yankee recruit, who
is earning a reputation as a pinch
hitter, knocked in the tying run with
a single and Joe Bush's relief pitch-
ing aided in the victory which gave
the New Yorkers a lead of three
games, the most they have had this
season.

"SAFETY AND SERVICE"

CZAR IS A DOG, CLUB MEMBER TOO

Miss Islay McColl's Pet, Familiar Figure in Brainerd, Made Charter Member to Make 14 Count

OFFICE CAT WAS DISMAYED

Likewise the Hall Cat, Who Conduct a "Column" in the "Independent Woman" Magazine

The woman's page of the Sunday Minneapolis Journal featured Miss Islay McColl and her dog Czar, under a double column heading entitled "Czar is a Dog, and a Member of Business Women's Club at Brainerd, to Avert Hoodoo", plus a two column picture of both and a sub-title "Miss Islay McColl's Pet, Familiar Figure in Home Town, Was Made Charter Member to Make the Count 14".

The article states: Czar, Miss Islay McColl's dog up in Brainerd, is probably the only dog in America who can boast of being a charter member of a woman's club. At any rate, he is the only dog in the country who belongs to the National Federation of Business and Professional Women's Clubs.

Last fall a group of girls in Brainerd decided to organize a business women's club. A meeting was called and 13 girls responded. Some were superstitious about beginning a club with 13 charter members. Hence Czar, who had accompanied his mistress to the meeting, was made a member and bad luck was averted.

The Office Cat and Hall Cat who conduct a "column" in the Independent Woman, the federation magazine, were much dismayed when they received the news that a dog had actually been made a member of the federation.

Said the Office Cat to the Hall Cat in the May number of the magazine: "We cats must make a firm stand in this matter. I understand there is a club up in Minnesota that regularly elected a dog as a member. It's a Great Bernard or Plymouth Rock or something like that."

"I saw a picture of it," broke in the Hall Cat. "It looks like a Great Dane, and Plymouth Rocks are chickens."

"All right," said the Office Cat generously. "Great Dane or Grand Duke—anyhow, it is a dog. It looks as big as the side of a house. They elected Islay McColl's dog a member of the club until they could get more members and then didn't know how to unelect him, so he is still a member in good standing."

"Oh, well, I guess we have enough Allied Cats to keep that dog in his place. Let him stay in if he wants to."

Czar, who is of Russian wolf hound and stag hound parentage, is a town character in Brainerd. Besides being the only dog who belongs to a woman's club, he is known as the Crow Wing county dog because he is a familiar figure around the Crow Wing county treasurer's office, where Miss McColl is deputy county treasurer.

He is said to be very democratic in spite of his honors, and willing to associate with other dogs and chew bones with them in a most chummy manner.

Ice Cream Social

The B. Y. P. U. of the First Baptist church will give an ice cream social, serving ice cream and cake on Monday, May 29th.

A LARGE COMMUNITY PROGRAM

Will be Held at the Peoples Church, Northeast Brainerd on Friday Evening, May 26th

The nature of the program can't be fully explained because the Sunday school classes are furnishing the entertainment and they have named it "Class Stunts" therefore the committee will be treated to some surprises as well as those attending.

Rev. Shaw the Financial Sect. of the Congregational Conference of the State, who will be in the city Thursday and Friday assisting the committee with the basement fund, will address the meeting, after which the young people will serve ice cream and cake and a real enjoyable time is promised all who can find time to attend the program.

The classes will begin their part of the entertainment promptly at 8 o'clock.

NORTHERN BAPTISTS MEET AT BEMIDJI

Brainerd to Send Delegation to 62nd Annual Meeting of Northern Baptist Association

PROGRAM MAY 24, 25 AND 26

Brainerd Speakers Will be Rev. Arthur C. Smith, Rev. R. E. Cody, Dr. Joseph Nicholson

Brainerd Baptists will attend the program of the sixty-second annual meeting of the Northern Baptist Association held in Bemidji May 24, 25 and 26. Rev. Arthur C. Smith, pastor of the First Baptist church of Brainerd, will be the moderator of the assembly.

Brainerd speakers will be Dr. Joseph Nicholson, whose topic is "Sunday School Problems of This Association"; Rev. R. E. Cody who will lead the pastors' conference in which ten minute talks will be made on church problems; Rev. Arthur C. Smith who will deliver the convention sermon, "The Supremacy and Centrality of the Cross" on Friday evening.

Among the Brainerd Baptists attending are Rev. and Mrs. Arthur C. Smith, Dr. and Mrs. Joseph Nicholson, Rev. and Mrs. R. E. Cody, Mr. and Mrs. E. S. Whitlock and others.

POPPY DAY ON MONDAY, MAY 29

"No mere simple flower whose crimsoned petals bloom and droop and fall before each setting sun:

But more—It typifies the blood of those who died but yesterday Upon the shell torn fields of France."

The poppy symbolizes the sacrifice of those who lie in Flanders' fields. In remembrance of these and in memory of all the soldiers who served and suffered in the World War, we wear the poppy on Memorial Day.

The American Legion Post of Brainerd together with the Women's Auxiliary will sell poppies on the streets of Brainerd on Monday, May 29th. Everyone in Brainerd should wear a poppy on this day and on Memorial Day in honor of not only the boys in our own town who died in France but also in honor of all of the boys who died in service. Only once every year are we asked to pause and give memory to these gallant men.

Believing that every one in Brainerd is willing to help make the memory of those who gave their lives sacred, the Legion Post of Brainerd has purchased 3,000 poppies. No price will be set on the poppies but each person will be allowed to contribute any amount they desire. Wear a poppy on Memorial Day and help make Memorial Day what it should be.

DEERWOOD

Mrs. Paul M. Hale attended the Federation of Women's clubs meeting at Sauk Center. She was a delegate from the Deerwood Civic League.

H. T. Barber was at Kimberly on business matters.

Judge J. T. Hale was called to Texas on business.

A "Y" track is being built east of town to connect main line and the Oreland spur of the Northern Pacific.

The Misses Jennie Erickson and Alice Olson visited in Brainerd. At a meeting of directors of the First National bank H. J. Ernster retained the presidency; Mr. Keyes was elected vice-president and director and Mr. Schwanke and Mr. Swanson cashier and assistant cashier.

Miss Eng has sold the Deerwood hotel to Mrs. Hazel Nesheim.

O. E. Cunningham is shearing Thomas Keating's flock of 80 sheep.

YOUNG PEOPLES' DISTRICTS RALLY

Young People of the Swedish Baptist Church to Attend Same at Cloud May 26, 27, 28

REPORT TO REV. A. PAULSON

Speakers Include Prof. A. Olson of St. Paul, Rev. Grondahl of Mora, Rev. Paulson and Others

The young people of the Swedish Baptist church of Brainerd will attend the Young Peoples' District Rally held May 26, 27 and 28 at the Swedish Baptist church in St. Cloud.

All of the Brainerd young people who will attend the rally are requested to report to the pastor, Rev. A. Paulson.

The theme of the rally is "Forward With Christ". There will be good music and lots of it at each session. This is the program:

Friday, 2:30 p. m.—Ordination Service.

Friday, 7:30 p. m.—Ordination Sermon, Prof. A. Olson, St. Paul.

Saturday, 10:00 a. m.—Devotional service.

Saturday, 2:30 p. m.—In Personal Consecration. Rev. N. Grondahl, Mora.

Saturday 7:30 p. m.—In Personal Preparation for Service, Rev. A. Paulson, Brainerd.

Sunday, 11:00 a. m.—In His World Outlook. Rev. Linder, Mjaca.

Sunday, 3:00 p. m.—In Our Goals and Method of Work, Rev. G. E. Walendorf.

Roll call and business session.

Sunday, 7:30 p. m.—In Soul Winning, Prof. A. Olson, St. Paul.

Ball Game Saturday

Rev. Marsh, of Aitkin, with the Junior ball team will journey to our city Saturday where they will meet the Junior team of Northeast Brainerd who are playing under the management of Rev. Cadwell. If you are interested in baseball you will be treated to a mighty fine exhibition of the art. The boys have been very faithful in practice and are delivering a mighty fine article of ball for boys. You are cordially invited to come out and look at the work of some of the regular team of our city in the near future. Game called at 3 o'clock on the Koering grounds.

Daily Thought.

There are occasions when it is undoubtedly better to incur loss than to take gain.—Plautus.

Johnson-Rush

On Wednesday morning at 9 o'clock Robert L. Johnson and Miss Gladys A. Rush were united in marriage at the Swedish Bethany church parsonage, Rev. P. G. Fallquist officiating. They were attended by Ross Smith and Miss Elsa Peterson as witnesses.

The bride wore a white crepe de chine bridal gown and carried a bouquet of white bridal roses. The bridesmaid wore a gown of pongee silk and carried a bouquet of pink roses. The bridegroom and best man wore the conventional black.

The happy couple left on the afternoon train for an extended honeymoon journey to Quebec and other points in Canada, after which they will make their home in Brainerd.

Their many friends extend their congratulations and best wishes for a happy journey through life.

Fuller-Miller

A pretty wedding was solemnized at the parsonage of the First Methodist church when Rev. E. A. Cooke officiated at the wedding of Emery G. Fuller and Marjory A. Miller, both of Bay Lake.

Congratulations of their many friends in town and countryside are extended them.

Bethlehem Lutheran Ladies Aid

The Ladies Aid of the Bethlehem Lutheran church will meet tomorrow afternoon Thursday in the church parlors. Mrs. Wm. Olson and Mrs. Nyland will entertain. Everybody cordially welcome.

GOV. PREUS DEDICATES PINE RIVER ARMORY

Pine River, May 23—Gov. J. A. O. Preus gave the dedication address at the formal of the armory here at the close of a two-day celebration. Other speakers were Co. E. D. Luce, Lieut. Co. E. A. Walsh, Senator P. H. McGarry and C. H. Warner.

Musical numbers were given by the One Hundred Thirty-fifth Infantry Military band. There were readings and instrumentals and vocal numbers by Pine River talent. The Armory, which has just been completed, is said to be the largest in central Minnesota.

THE PROPOSED BOND ISSUE

WE ARE asked to vote tomorrow (Thursday) for a bond issue of \$50,000 to extend the present city water system into west Brainerd and the Mill district and to relay old, worn-out, inadequate mains that annoy us all because our water is shut off so often due to leakages; and, besides, it is a gross waste of money to try to repair these inadequate lines.

There can be no adverse comment about relaying the old mains, and there should be none about extending the system to parts of the city woefully needing water. The people needing cheap property and cheap homes and working down town are forced to settle in West Brainerd. Those people of like kind working in the shops are forced to settle in the Mill district and vicinity.

Brainerd is spreading. Both the west and northeast portions of Brainerd are developing far more rapidly than the big majority of us realize. Both have school buildings, yearly being crowded more and more. The people who make their homes in these localities must have water. No one part of our city is entitled to water more than the other parts. Selfishness sometimes may enter and one part of town buck the other part of town. This should not be.

We should all get behind the bond issue. A bond issue does not increase our taxes, and both extensions will yield enough income to pay the interest on the bonds issued and will not increase our meter rates. To vote against the bond issue means not to understand; or, if you do understand, a negative vote means that you are selfish, and while you have plenty of water in your own home and in the schools in your ward you do not want others to have water. Can it be possible that Brainerd has enough people possessed with so much selfishness as to block a bond issue for water? We think not.

RATES OF NEW TARIFF LAW

THE TARIFF BILL now being discussed in the Senate is different from the bill passed by the House, but both bills have the same aim, and with the reconciliation of differences there will result a tariff act promotive of prosperity so far as that is possible by legislation in the present abnormal state of world trade.

As the degree of protection that ten years ago was capable of supporting American standards of living would be insufficient now, the proposed rates of duties may average somewhat higher than those of the Payne-Aldrich act, the Republican law which was contemptuously cast aside by the Wilson administration. The rates will be, of course, higher than those provided in the Underwood law, the last Democratic tariff act, which brought American business to the verge of ruin, from which it was saved only by the outbreak of the World war.

We have today to fear not merely cheaper goods from abroad, but a far greater volume of imports pressing for dominance in American markets. The protective tariff will be a dam against a menacing flood. The maintenance of essential price levels will be permitted under the new tariff, price levels that will assure the employment of American workmen at satisfactory wages and form the basis of domestic taxation that is bound to remain high for many years. The fact should be plainly evident that unless American industries are adequately protected it will be difficult to raise the revenues that are now required. Of course, it takes considerable time to consider the intricate problems involved in shaping a policy that will play such an important part in the future of American industry, so we must have patience.

TRADE REPORTS SURPRISINGLY SATISFACTORY

IN THE opinion of many wholesalers and manufacturers of the Northwest, as reported in the city newspapers, business is steadily improving. Trade reports from points all over the Northwest are regarded as surprisingly satisfactory in view of the discouraging conditions that prevailed up until a few months ago.

It is said that merchants generally are becoming alive to the probability that supplies of many lines of staples will be found inadequate to cover the demand certain to develop during the late summer in the event of crop returns over the country fulfilling present expectations. As a consequence the more forehanded among the business interests are coming into the markets more freely to cover their trade requirements for the fall and winter months.

The farming communities of the Northwest show signs of decided improvement in conditions. The market prices of commodities have been distinctly upward of late, and with quotations in basic raw materials generally mounting by reason of a world scarcity, it is thought that conditions will be reflected to a marked degree in quotations of manufactured goods within a short time. The improvement generally is more marked than had been hoped for, and unless some upset comes that at present cannot be foreseen, it is expected that it will be progressive.

VOTE FOR RIGHT KNUTSON

SEVERAL of the newspapers in the Sixth district have stated that Harold Knutson, our present efficient Congressman, will have no opposition in the primaries for the Republican nomination for re-election. This is an error. John Knutson, also of St. Cloud, did not file as an independent as has been stated in the press, but as a Republican. There will therefore be two candidates for the Republican nomination for Congress, both named Knutson. Those who wish to return the present Congressman should therefore be careful to vote for the right Knutson—that is, HAROLD KNUTSON.

THE QUESTION of limitation of armaments by all American republics is among the subject under consideration in making up the program for the fifth Pan-American Conference, to be held at Santiago, Chile, in March of next year. A number of suggestions bearing on the subject have come to the program committee, but no definite decision has yet been reached, though it is understood that the matter is receiving such consideration.

WATER & LIGHT
BOARD COMMENTS

(Continued from yesterday.)

PROPOSED AMENDMENT TO THE
CITY CHARTER OF THE CITY
OF BRAINERD

That subdivision No 14 of Section 54 of Chapter Three entitled "A Hydrant Rental, Street Lighting and Electric Power Fund" be amended as follows:

A Hydrant Rental, Electric Street Lighting and Power Fund, for use exclusively in payment to the Water & Light Board of hydrant rentals and electric street lighting and power supplies, extensions, installations, repairs, maintenance and rentals, of an annual amount, not exceeding six mills, sufficient to pay the same. The City shall pay to said Board for hydrant rental One Thousand Dollars (\$1,000.00) monthly, provided, however, that the total of said payments for any year shall not exceed two-thirds of the maximum amount which can be raised in that year under this subdivision; for electric current for power and street lighting, not less than three and three-tenths cents per kilowatt hour at the city switchboard, and for electric supplies, extensions, installations and maintenance of said electric systems, the actual cost thereof to said Board; provided, however, that said Board shall maintain said hydrant system, and construct such extensions thereof as it may deem advisable, at its own expense.

This amendment shall take effect and be in force from and after January 1st, 1923.

(The end)

NEW BOOKS FOR THE
SEVEN DAY SHELF

Curwood—Valley of Silent Men. When he thought he was dying, Sergeant Kent, the best man trapper in the Royal Mounted, told a story that branded him as a murderer and set another man free. But he didn't die, and love of life and of a beautiful mystery girl who had laughed at him now made him a fugitive—a hunter became the hunted. With him, down those fabled rivers flowing North to the frozen Arctic sped the girl, whose own secret winds like a thread of wild magic to the Valley of Silent Men.

Dell—Briary Bush—Those who read "Moon Calf" will be interested in reading of Felix Fay's venture into marriage. As might be expected, it is the story in which two rebellious young lovers try to keep their mutual freedom. They escape from the traditional bondage which they fear, only to find that freedom has perils and disappointments of its own. Their efforts to solve their problems, and their inevitable misunderstandings—not only of each other but themselves make a true and enlightening picture of a transition stage in young American life. The effect of new ideas upon an eager new generation is dramatically and dispassionately shown in this history of Felix Fay's adventures in Chicago.

Doyle—Sherlock Holmes. Adventures of the famous detective.

Dunn—A Man to His Mate. A wallowing sea story. There is big John Lund, the primitive man and a mighty sailor, the crafty Carlsen, a young gallant newspaper reporter named Rainey, and a mysterious soft-footed Jap. Last but not least, is the one girl in the ship's company. In addition, there is a hunt for gold, and a gamble for the shares.

Ford—The House of Torchy. Most of you know the quickwitted, slangy, good hearted young man who, since he first broke into print, has risen from the post of office boy to that of confidential adviser of the head of the firm. Torchy is married now, and his easy deference to "Vee," as he calls her, is just what might have been expected from him.

Grey—Betty Zane. A story of pioneer West Virginia life.

Grey—Border Legion. A story of the Texas border.

Grey—Desert Gold. A story of the gold claims.

Grey—Heritage of the Desert. A story of Mormons.

Grey—Last Trail. Another story of the Zanes.

Grey—Lone Star Ranger. A story of the Texas ranger.

Grey—Man of the Forest. Adventure of two eastern girls in the western forests.

Grey—U. P. Trail. The story of the building of the Union Pacific R. R.

Grey—Wildfire. The story of a wild horse, a girl and a man.

Harrison—Saint Teresa. Teresa, nicknamed the Saint, and known to newspaper readers as "The Woman Who Hates Love," is the extraordinary daughter of a wealthy N. Y. family. Filled with zest for life and

"SISTERS"

From the Novel by Kathleen Norris

Why is there one divorce in every eight marriages? Why cannot every marriage be perfect? See "Sisters" for the answer. A vivid expose of the selfishness of marriage. A great big strong appeal for the respect of the marriage vows. A splendid portrayal of the greatness of love.

Coming Friday and Saturday

—FRANKLYN FARNUM in "THE LAST CHANCE"

an entire disregard for public opinion, she has explored every sensation, shot a burglar, and (it is rumored) a French suitor, slapped the face of a Governor, and in general achieved wide notoriety. She buys the controlling interest in a great steel company. She finds in Masury, her office manager, one who has strength of will and a devotion to principle equal to her own. Her initial indifference is shaken by his rude sexless hostility and gradually turns to interest. The story mounts to a climax unexpected, powerful, moving, a climax worthy of one of the most memorable and absorbing novels of recent years.

Hendryx—The Texan. A tale of the cattle country of the big Southwest of the plains, the mountains, the solitudes, he whole mighty vastness of an illimitable space, miles from nowhere. It is a story of cowpunchers, Mexicans, Indians, live people and quite a few dead ones. The author is a townsman of Sinclair, Lewis, but his literary bent is quite different. He has himself been a cow puncher, and knows whereof he writes.

Hurst—Humoresque. If you want to meet some real people, want to laugh with them, want to cry with them, read Humoresque. The author has the almost uncanny trick of exposing the souls of her characters. One would not be surprised to meet one of the author's characters in real life—and the character would need no introduction, so well do you learn to know them. It is a book of real life, in which is to be found real romance, humor, pathos and tragedy.

Dunn—Girl of Ghost Mountain. A western story. A young New England girl with her big strapping Scandinavian maid came to Ghost Mountain to make their home on a tract of land left her by her uncle. Her adventures with the lawless set of the typical rough Western village and her self appointed guardian, a young Eastern lawyer, who has turned rancher form very interesting reading. For full measure, there is a hunt for buried treasure—several wagon loads full of gold bullion lost in a landslide years before.

Packard—Further Adventures of Jimmy Dale. Those who followed

Jimmy Dale through his adventures, will find this volume equally interesting and exciting.

Sewell—Black Beauty. The story of a horse—supposedly told by the horse.

Tracy—Number Seventeen. It begins with the number seventeen and ends with the same number. Edith Lester's apartment was numbered 17, and there were just seventeen of the tiny carved ivory skulls that kept Scotland Yard in a tangle of excitement from the moment they discovered something strange about the actions of the young author. Frank Theydon, who is drawn into the game through his friendship with Evelyn Forbes, to the final thrill when the fanatical lust for revenge of the Chinese Manchus is frustrated by another hand beside that of the police. A story with suspense in every sentence, and a fine satisfying romance.

Wells—Ptomaine Street. A rollicking parody on Main Street, with Butterfly Center instead of Gopher Center—and Mable Petticoat trying as hard to reform it as Carol Kennicott did Gopher Center. A continuous laugh throughout the book. A good antidote for the blues.

DIED 3 HOURS AFTER ACCIDENT

Ludwig C. Larson, Section Man in Shop Yards, Victim of Railroad Accident Tuesday

LEAVES WIFE, FOUR CHILDREN

Was Sole Support Also of His Crippled Mother Aged 81—Funeral to Be Held on Friday

Within three hours after being accidentally struck by a switch engine in the shop yards, Ludwig C. Larson of 812 South Ninth street, passed away at a local hospital Tuesday afternoon about 5 o'clock. Members of the switch engine crew, it was reported, said they never saw Larson until after the accident, when he had been struck and rolled under engine tender and car and lay on the track to the rear of the engine.

He was then quickly removed to a box car, an engine attached, and rushed to the depot where he was transferred to a waiting ambulance and removed to St. Joseph's hospital. Every possible surgical aid was given, but his injuries to his head were such that his life could not be saved.

Mr. Larson was born in Norway, April 1st 1863, and had made his home in Brainerd for several years. He leaves a wife Annie, and four children Lillian, Thelma, Alma and Ludwig. An aged mother, 81 years old and crippled, has made her home with her son also survives. The body may be viewed at the D. E. Whitney parlors.

The funeral will take place Friday afternoon at 2 o'clock from the Bethlehem Lutheran church, Rev. O. S. Winther officiating.

RAILWAY SHOP PICNIC JUNE 17

General Arrangements Committee Decides on Glenwood for Holding the Annual Event

PICNIC THERE LAST YEAR

Preparations are Being Made in All Details to Provide a Day of Enjoyment

Brainerd Northern Pacific railway shopmen will picnic at Glenwood on Saturday, June 17. Glenwood made such a hit with the shopmen and their wives and families last year that it was decided to have the picnic there again this year.

On the general arrangements committee are General Chairman J. J. Roney, and C. Bruhn, G. J. Kroes, P. M. Bislar, John Elkins, Roland Jenkins, John Mankowsky, Fred Hass.

Obituary

The funeral of Ardith Irene Fleming was held from the home of W. R. Ludlow at 3 o'clock Monday afternoon following a service by Rev. J. E. Cadwell, pastor of the Peoples Congregational church, in the presence of a large number of friends and relatives. The little casket was literally covered with the most beautiful wreaths and sprays from Brainerd, Merrifield, South Long Lake and other points.

Ardith Fleming was born near Merrifield on April 23, 1921 and died at Brainerd on May 20, 1922 from heart trouble. She is survived by her parents, Mr. and Mrs. Robert Fleming and brother Edward.

The pallbearers were Pearl Gage, Hazel Faughy, Hazel Converse and Georgia Butzger. Interment was in Evergreen cemetery.

Obituary

Judge A. R. Holman of Pequot, who passed away at the Pine River hospital where he had been under the watchful care of his brother, Dr. E. E. Holman, would have been 73 years old the first day of next month.

He was born in the State of Rhode Island and received his early education at Spring Valley, Minn. He moved to this part of the state from Minneapolis about twenty years ago and opened a law office in Pequot where he has been one of their leading business men ever since. While his illness had been a protracted one, his death is nevertheless a shock to his many friends.

Besides his wife he leaves to mourn his loss one daughter, Mrs. Ellis Preston, living at Salt Lake City, Utah, two sisters, Mrs. W. B. Snyder of Walker and Mrs. Cowles, of Fairbault and one brother, Dr. E. E. Holman of Pine River.

The judge was widely known and had a host of friends throughout this section who sympathize with the bereaved ones in their great loss.

The Knights of Pythias, of Brainerd, of which order the deceased was an honored member, had charge of the services which were held Sunday in Pequot.

PLEASING PROSPECTS FOR COMING YEAR

Brainerd Commercial College Receiving Inquiries From Surrounding Territory

NEW PROPRIETORS ARE ACTIVE

Intensive Advertising Campaign Is Being Put on for Ten Days With Special Inducements

The Brainerd Commercial College is very well pleased with the prospects for the coming year. Commercial schools all over the country are rapidly recovering from the business depression of the past year and this college is no exception. Inquiries are coming in from surrounding territory showing a decidedly optimistic feeling among the people in general.

An intensive advertising campaign is being put on for the next ten days offering special inducements to prospective students for the summer term. The stenographic course has been planned with the view of appealing to high school graduates and rural school teachers, and the college feels certain that a large class will be enrolled during the next two weeks. This course also leads up to a teacher's training course which will be offered for the fall term.

Another interesting course that is becoming very popular with the modern business student, which will be offered this fall is a complete secretarial course. Mrs. Goossen will have full charge of this work and much of it will be taught from a practical experience gained in Congressional work. For the commercial student a special three months' course in bookkeeping and accounting has been planned. This course will include such practical sets as Automobile Accessories Farming and Banking.

Mr. Goossen also informs us that the school will equip its commercial department with a thoroughly up-to-date multigraph in the near future and special instruction will be given in its practical uses. He says that the multigraph has become a very necessary part of the equipment of a modern office and a commercial student should be thoroughly familiar with it when he leaves school.

With unbounded enthusiasm and many practical ideas Mr. and Mrs. Goossen hope to make this school a credit to Brainerd. They realize the wonderful possibilities Brainerd and the surrounding territory have to offer and will try to make the college a decided asset to this community.

***** BRAINERD'S OLDEST STORIES OF TODAY *****

There is one line of work in which Joe Johnson shines, said automobile men. He is one of the best car washers and cleaners in the city. When a car leaves Joe's hands it has a polish like a Stenway grand piano. Monday Joe fixed up three cars to the supreme satisfaction of their respective owners.

Entrance Through Music Store

Your patronage is respectfully solicited and a cordial invitation is extended to all to visit the new print shop at all times.

Very respectfully,
FRANK G. HALL.

AMERICAN LEGION GRATEFUL TO COUNTY

Post Thanks the Board of County Commissioners for Gift to be Applied on Memorial Day Expenses

FRANZ R. N. ANDERSON SPOKE

Post Named Him Marshal on Decoration Day, Expressed Appreciation of His Work for the Legion

An enthusiastic meeting of Sidney Carl Hanson Post, No. 255 of the American Legion was held in Elks' hall Monday evening. Important items of business were discussed and suitable action taken.

The committee on Poppy day, May 29th, brought in a report. The committee urged the legionnaires to invite all citizens to remember Flanders' Fields where poppies grow and to purchase poppies in memory of those who fell in the World war. The committee further suggested that all citizens who secure poppies wear them on Memorial Day.

Clyde E. Parker of the committee on the screening of the picture "Cardigan" made a report. This is a wonderful historical picture which will be on exhibition at the New Park theatre on May 29 and 30. The proceeds will go to building and equipping a hospital for ex-service men wherein those who cannot afford to pay for special medical attention will receive attention without cost.

The meeting adopted the recommendation of the executive committee that a prize of \$100 be given to the Legionnaire who between now and the first of August secures the most members for the local post. The \$100 are to be used on the expenses of the trip to New Orleans to attend the National convention of the American Legion in the fall.

Several baskets and a beautiful hand worked table cover were sold. The baskets were made by disabled men in Ashbury hospital, Minneapolis and the table cover by Mrs. Pearl Cole the widow of a man who died in service. The table cover—a very fine piece of work—realized \$25 and the baskets brought \$14.15.

Commander Albert Fox made an interesting and pleasing speech in which he stated that he believes that the soldiers of the World War will gradually unite in one organization and that in fifty years all of them who are then alive will be members of the American Legion.

The post accepted the gift of the Board of County Commissioners to be applied on the expenses of Memorial Day and a resolution of thanks was enthusiastically adopted.

Franz R. N. Anderson in a pleasing speech said that he would accept the appointment of the joint meeting as marshal on Decoration Day, postponing his departure from the city until after May 30th.

Milton Mahlum, Commander of the American Legion in the Sixth District, expressed the Legion's appreciation of Mr. Anderson's efforts when commander of the Sidney Carl Hanson post and after another had assumed command of the post. On behalf of the legionnaires of Brainerd he wished Mr. Anderson success in his work in Chicago.

PILLAGER

Gus Zulsdorf went to Brainerd to have an operation performed.

W. B. Jones has returned from Rochester where he had been treated for stomach trouble.

Mr. and Mrs. W. E. Orne, Mr. and Mrs. Cash Richardson and Mr. and Mrs. W. E. Brockway of Brainerd visited at the Mrs. A. S. Bacon home on Sunday.

Miss Judith Seadlund has returned home from Leader where she had been teaching.

KAMPMANN & SON INSTALL BLOWER

Improvement at Their Factory Cleans Up Dust, Shavings and Various Kinds of Debris

ALSO REDUCES FIRE HAZARDS

Makes Air Cleaner and Purer for Workmen. Blower is Connected to All Machines

Installation of a huge blower system at the factory of Kampmann & Son has worked a reduction in fire hazards and also lowered their insurance rates. The system is connected with every machine used in the cash and door factory and instantly clears away dust, shavings and other debris, whirling it down a 16 inch pipe a distance of 180 feet to a dust collector and then stores the waste where it may be burned at the power plant when needed.

It purifies the air in the shop and makes condition much better for the men employed.

Kampmann & Son are kept busy making interior fixtures, millwork of all kinds, etc. One of their large contracts was the supplying complete of all inside finishing for the Stewart Gull Lake cottage.

Converted Jew (Contributed)

Moses Prostehansky, the converted Jew, will give a brief history of his early life and how he found in Jesus Christ the Messiah of Israel, at the

Fall Gospel Assembly this evening. His testimony is well worth hearing, and the public is invited to come and hear how the "Gospel of Jesus Christ is the power of God unto Salvation to every one that believeth, to the Jew first and also to the Greek". Romans 1:16. Song service begins a 7:30 o'clock.

An Advantage to Young Men

Young men who are building savings accounts are tempted to make withdrawals at frequent intervals—usually for something they could get along very well without. For that reason we recommend to our young men patrons the Time Deposit which is placed in the bank for a definite length of time and which pays a liberal rate of interest. A Savings Account is good but a Time Deposit is better.

The KOHLER Automatic is a full automatic plant

Simply the turn of any button or switch anywhere on the circuit produces standard 110 volt electricity automatically—with the Kohler Automatic.

No need to start the engine first and then turn on the current. Just turn the switch on the light or appliance you want to use and you automatically start the generation of electricity.

The Kohler Automatic gives this dependable service without the usual large banks of glass-cell batteries, so long thought necessary. Only a small, automatic type battery is used to start the engine.

The 1500 watt capacity of the Kohler Automatic provides ample electric current for operating numerous electric lights and power appliances at the same time—without danger of overload. Write for literature. Come in and see the plant in operation.

AMUSEMENTS

"The Inside of the Cup"

One of the most celebrated of contemporaneous American authors is Winston Churchill, author of "The Inside of the Cup," a remarkable Paramount picture which is being presented at the Lyceum tonight and Thursday. Mr. Churchill is a native of St. Louis, Mo., where he was born November 10, 1871. His early novels, "Richard Carvel" and "The Crisis," placed him once in the foremost rank of American novelists and his subsequent books attracted world-wide attention.

Perhaps his most discussed novel was "The Inside of the Cup" which appeared serially in Hearst's Magazine in 1913, and was later published in book form in this country and in England. The theme, which exposed the

Scene from "The Inside of the Cup" A Cosmopolitan Production A Paramount Picture

hypocrisy of certain churchmen as well as laymen, was bitterly criticized and widely discussed wherever the book was known. In its picturization, the story loses none of its interest or appeal. It is a tremendous picture which, undoubtedly, will attract as much attention as did the novel.

The various roles of "The Inside of the Cup" are portrayed by picked screen players. The leading man is William P. Carleton, who has been seen in support of such stars as John Barrymore, Elsie Ferguson and Irene Castle. Edith Hallor, a charming actress who scored a great hit in "Leave it to Jane," is leading woman. Others in the cast include such well known players as David Torrence, Jack Bohn, Marguerite Clayton, Margaret Siddons, Richard Carlyle, Albert Roccardi and Frank A. Lyon, all artists in their respective lines of characterization.

"Sisters"

"Sisters," Kathleen Norris' novel, which appeared as a serial in "Good Housekeeping," which has been made into a real, human motion picture, will be shown at the New Park to-

Scene from "Sisters" An International Film Service Co. Production

night and Thursday. It is a story of a courageous girl who fought to hold her husband from her own selfish sister—and won her fight. As a novel everybody talked about "Sisters," as a tremendous motion picture it will now command the attention of millions in all lands. The story features Seena Owen, Matt Moore and Gladys Leslie.

Franklyn Farnum

Franklyn Farnum, the young movie star, is now making a royal progress from New York to the Pacific Coast, where he is to make his next production for the Canyon Pictures Corporation.

In every city in which Mr. Farnum has stopped, his reception has rivaled that of a presidential candidate. Local committees of theatre mana-

gers, theatrical experts of the daily newspapers and throngs of habitually movie devotees have met the player, and shown him the time of his life. Franklyn Farnum will be seen in his latest picture, "The Last Chance," at the New Park on Friday and Saturday.

Seamen Take Boats; Let Women Drown

Brest, May 24—The British vice-consul here yesterday announced that 102 of those who were on board the British steamship Egypt, sunk off the island of Ushant Saturday night, are missing, of whom 16 were passengers and 86 members of the crew. Twenty-eight passengers were saved, together with 204 members of the crew.

Mrs. M. L. Sibley and Miss V. M. Boyer, American missionaries, are among those missing and are presumably lost.

Many of the dead brought in by boats were wearing life belts. They evidently had died from exhaustion.

The fog was so thick off Ushant Isle at the time of the collision between the Egypt and the French freighter Seine that the inhabitants of the islands in the region had been living for three days in almost complete darkness with all outdoor work suspended.

Accounts of the disaster given by survivors and the captains indicate that the loss of life would have been much smaller had not the fog been so thick as to hamper the rescuers.

Sailors on the French steamer declare they observed several struggles between survivors for places of safety on pieces of wreckage.

The survivors' accounts indicate that everything possible was done by the officers and crews of the two vessels to prevent loss of life, except in the cases of a few fear crazed Lascars seamen, who lost their heads and fought for lifebelts and places in the boats.

A nun, Sister Rhoda, whose name in private life was Miss E. R. McNellie, refused to take a place offered her in a boat, saying "Give it to another." She was last seen kneeling in prayer on the Egypt's deck.

There is some comment among navigators as to what might have happened had the 1914 international radio agreement been signed by France. This agreement provides that coastwise and small seagoing craft shall be equipped with wireless receiving apparatus. It is believed here that if a number of small vessels near the scene of the disaster had been so equipped they would have picked up the Egypt's distress signals and taken part in the rescue.

WHY SUFFER SO?

Why suffer from a bad back, from sharp, shooting twinges, headaches, dizziness and distressing urinary ills? Brainerd people recommend Doan's Kidney Pills. Ask your neighbor! Could you ask for stronger proof of merit?

Mrs. C. G. Waffle, 801 7th St. S., Brainerd, says: "Doan's Kidney Pills are indeed a good remedy as both myself and another member of my family have used them for several years and always received good results. Recently my kidneys gave me some trouble, caused by being on my feet a good deal. They didn't act regularly and I had sort of dull feeling and my back ached across the small part. I couldn't stand long before I had to sit down and rest. I used Doan's and they strengthened my kidneys and seemed to put new life into me."

60c. at all dealers. Foster-Milburn Co., Mfrs., Buffalo, N. Y. Adv.

DEFENSE ATTORNEYS ADMIT D. SODERMAN KILLED CLAY POWERS

(By United Press.) Dallas, Texas, May 23.—Defense attorneys took the offensive when testimony began today in the trial of Dave Soderman, oil man, on a charge of murdering Jay Clay Powers, playwright of Louisville, Ky., for alleged association with Mrs. Soderman.

When F. H. Stone and W. H. Sterling, oil men, testified as initial witnesses as to how Powers was killed, Soderman's attorneys attempted to speed up the trial by admitting Soderman killed Powers.

Steel Merger Will Not Take Place Until After Investigation

(By United Press.) Washington, May 24.—The proposed steel merger will not be completed until after the investigation by the department of justice and federal trade commission, Attorney General Daugherty said today.

This assurance was given Daugherty by the representatives of the companies involved in the steel merger.

SEN. WATSON MAES EYNOTE SPEECH OF G. O. P. CAMPAIGN

(Continued from page 1)

Harding is an accomplished fact," said Watson.

"In neither state nor nation are there signs of an approaching millennium. The length of the steps we have taken may not have been as great as many of us would like, but they have been in the right direction, away from the quicksand of socialist idealism and towards the old solid rock of traditional conservative Americanism.

"The Harding administration does not need an apologist. All it requires is someone to tell the story of its achievements. The mere recital of its accomplishments is the surest vindication of its conduct. Its success on the work of restoration and rehabilitation can be measured only by the magnitude of the obstacles it was necessary to surmount before a return to normalcy could be achieved."

Watson said that looking back over what has been done and ahead to what is to come he was disposed to "preach the gospel of hope and not of despair." Business is on the upgrade, he said, and if men will work hard, save their money and "keep a hold on themselves," the country will come out all right.

Attacking the Wilson administration's war record, Watson said that of the \$11,000,000,000 appropriated for war purposes, "much was legitimately expended but more of it was illegitimately wasted and but few of us comprehend the saturnalia of extravagance and the riot of profligacy that characterized both appropriations and expenditures."

The Harding administration's task has been complicated, Watson pointed out, by Europe's debt ridden and demoralized condition.

"Staggering indebtedness," he said, "forecasts disaster to every European nation unless they change completely their fiscal policies. And thus it will be seen that we have been dealing in this administration not only with our own problems but with questions of the greatest gravity inescapably reflected upon us by those chaotic conditions in Europe."

Coming to a discussion of measures included in the administration's program and not yet enacted, Watson expressed the hope that the ship subsidy advocated by President Harding will pass.

"We cannot dispose of our ships to private operators until we fix a government policy and that government policy must then put them on an even plane with foreign competitors," Watson said.

"There is not a shipping man or corporation in America that would take one of these vessels today as a gift if he were compelled to operate it and pay all the expenses of operation for three months. A ship subsidy is the only plan that will enable him to do it. I have advocated this policy for 25 years."

Meeting the charge that this is a "do-nothing congress," Watson said:

"Even if this charge were true, it is better to do nothing than always to do wrong. Better republican watchful indifference than a debt-incurring, deficit-creating, bond-issuing, surplus-scattering, factory-closing, industry-paralyzing, prosperity-destroying, cat-

aclysm-producing democratic administration.

"The democrats assert that we have not given relief to the country. Relief from what, pray? Manifestly from the results of democratic administration for there is nothing else to be relieved from."

The senator strongly urged the dismissal from the government service of democrats now employed, declaring that government workers ought to be loyal to the administration they serve.

"I believe in civil service," said Watson, "but not when it shelters men opposed to the policy of the administration and who secretly connive its overthrow. Large numbers of such men are in office in Washington now and they should be released and sent home."

"I am opposed to putting postmasters under the civil service. They are very useful in maintaining party organization and past shows that these activities have not in any way interfered with their efficiency."

Watson frankly stated he did not favor the civil service for postmasters, in urging dismissals of democrats now in the government departments. In asking support of Beveridge the senator stated he wanted New to win but would aid the former loyally this fall.

Wages Must Come Down

Indianapolis, Ind., May 24—Wages of railroad workers must come down along with lower freight rates, James Eli Watson, United States Senator declared today in addressing the Republican State convention here.

Albert J. Beveridge, Republican nominee for the Senate seat now occupied by Harry New, in speaking before the convention announced a platform which showed "little change from the planks on which he stood in the primaries."

Beveridge declared Indiana Republicans were "unshattered by faction-

alism". Beveridge praised the record of the Harding administration, and said he would support the President.

COAL OPERATORS CONTRIBUTED \$15,000 TO PROSECUTE MINERS

(By United Press.) Charleston, W. Va., May 23.—The Logan county coal operators have contributed at least \$15,000 for the prosecution of the treason case against United Mine Workers chief William Blizzard, now being tried here, W. R. Thurmond, president of the Logan County Coal Operators' association said here today.

Thurmond's admission follows his frank statement that the Logan county operators have paid out \$61,000 in deputy sheriffs' salaries during the first nine months of 1921.

IMPORTANT CHANGES IN RAILROAD LAW TO BE MADE BY CONGRESS

(By United Press.) Washington, May 23.—Important changes are to be made by congress in the Esch-Cummins law, providing for regulation of the railroads, President Harding believes.

It was learned at the White House today that one of the principal amendments to the law would be the transfer of the Railroad Labor Board from Chicago to Washington in order that the governmental body regulating wages and working conditions would be in close touch with the Interstate Commerce Commission in its fight.

Senate Endorses 'Farmer' Appointment To Fed. Reserve Board

(By United Press.) Washington, May 24.—The senate today passed the House amendment providing for the appointment of a so-called "good farmer" to the Federal Reserve Board.

The Senate also compared in the House bill restricting the Federal Reserve Board from entering into contracts for buildings in excess of \$250,000 without the consent of congress.

Excursion Fares

St. Paul, May 24.—To stimulate summer travel to the Ten Thousand Lakes of Minnesota and to cities of importance in the east, the Northern Pacific railway tomorrow will put into effect excursion fares from Pacific coast points. Tickets will be sold at the low excursion rates up to and including Aug. 31. The reductions are expected to bring hundreds of tourists to Minnesota and the Great Lakes region.
